

## Senior Counsel / Director of Privacy

Clarip's patented Hybrid Artificial Intelligence technology is disrupting the fast growing Data Privacy industry. Clarip's technology is used by the Fortune 500 companies to help protect customer data and comply with the privacy laws around the world. With the Data Privacy / Data Protection market poised to go over \$103 billion in the next few years, Clarip is growing fast and we are looking for the Senior Legal Counsel and Director to join Clarip's Data Privacy team. We are on a mission to bring clarity and transparency to business and consumers when it comes to data privacy. If you are passionate about data privacy, we want to hear from you!

The Legal Counsel will provide counseling and strategic advice on a broad range of issues such as data privacy laws, Software MSAs / SaaS agreements, non-disclosure agreements and partnership agreements. Counsel will be responsible for reviewing, revising and negotiating various commercial transactions related to the Clarip products and services.

### **Responsibilities:**

- Provide strategic legal counsel and advice on privacy regulation
- Monitor changes in Privacy and Data Protection laws and regulations globally to ensure adaptation and compliance
- Work closely with the executive team and assist in legal issues
- Work closely with engineering / implementation teams and clients to ensure compliance with privacy laws
- Provide guidance to client's legal and compliance teams pre and post implementation stages to ensure that data privacy and data security requirements and controls are understood and implemented seamlessly
- Develop privacy training materials for customers
- Work closely with graphic design and marketing teams in developing white papers and other informational assets related to data privacy laws and best practices
- Participate in pre-sales meetings and strategy sessions with senior client executives and help articulate the Clarip value proposition and regulatory risks associated with non-compliance
- Review, revise and negotiate MSAs, NDAs and other legal agreements
- Conduct webinars and give presentations on CCPA, GDPR and other privacy

laws

## **Requirements**

- \* JD from accredited U.S. law school\*
- An active, good standing membership in at least one U.S. state bar
